Dear Families,

Congratulations on a fantastic first week! It has been wonderful to meet your children, join their classes, and witness their enthusiasm for learning. I am excited to share that this year marks a significant milestone for us as we embark on our journey as an all-through IB school, offering the PYP, MYP, and DP for the very first time.

With the introduction of the Diploma Programme (DP) this year, we now provide a cohesive and comprehensive IB education from early years through to graduation. The PYP will continue to nurture curiosity and critical thinking from the start, the MYP will build on this foundation with interdisciplinary and inquiry-based learning, and the DP will offer a rigorous qualification that prepares students for higher education and the modern workforce.

Being part of an all-through IB school that now offers all three programmes ensures continuity and depth in education, fostering a lifelong love of learning and resilience. This integrated approach not only cultivates well-rounded individuals but also enhances their readiness for university and the competitive job market. Employers and educational institutions highly value the skills and experiences that come with an IB education, making this an exciting and powerful choice for your child's future.

Thank you for being part of this remarkable new chapter in our school's journey.
