### Exciting Times Ahead: Welcoming CIS Evaluators and Focusing on Well-Being

Next week, we're excited to welcome CIS (Council of International Schools) evaluators for our accreditation review—a significant milestone! Our self-evaluation focuses on well-being, which we believe is essential to both academic and personal success. Well-being supports positive communication, enabling students to express themselves, ask for help, and build strong relationships.

### The MUN: A Powerful Learning Experience

Our Model United Nations (MUN) program is another excellent example of how we foster communication and well-being at our school. Last Friday, we hosted an MUN event where students engaged in a simulated UN setting to debate and discuss global issues. This powerful experience taught students to communicate complex ideas clearly, negotiate effectively, and listen to diverse viewpoints, fostering essential skills in diplomacy, collaboration, and empathy. Through MUN, students are encouraged to consider others' perspectives, build solutions through dialogue, and contribute meaningfully to discussions on global challenges, all while developing critical thinking, confidence, and a sense of responsibility toward the global community. A huge thank you to Ashli, Bairbre, and Carmen for facilitating this incredible event. Their dedication and support helped make the MUN a resounding success, providing students with an opportunity they will remember for years to come.

### Celebrating the Maths SUM-it

We're thrilled to celebrate the success of the recent Maths SUM-it, an inspiring day that brought together teachers and leaders from across the region to collaborate and share best practices in math education. A huge thank you to Whitney, Jen, and the Facilities and Operations Team for their hard work and dedication—their attention to detail made the event a wonderful experience for all involved.

Thank you again to all our families, staff, and community members for your continued support. We are excited for the journey ahead as we work together to foster a positive and thriving learning environment for our students.
