Dear Raha Families,

Another fantastic week at KCC!

From the energizing Wellness Walks to the beautiful Grade 3 school concert, and the inspiring sense of community at the Make-a-Wish pledged run this morning, it's been a week filled with pride and joy. These events remind us of the many opportunities available to our students to grow, connect, and thrive in our vibrant IB community.

A heartfelt thank you goes to all the staff, parents, and students who have been part of our CIS visit this week. This visit is a vital part of our school's commitment to continuous improvement and excellence. It allows us to reflect on our practices, celebrate our achievements, and identify ways to grow even further. Your contributions and support during this process have been invaluable, and we deeply appreciate your time and effort.

One of Raha's greatest strengths is the incredible diversity of our international community. It's something we cherish deeply, as it allows us to come together to live out the values of the UAE while embracing the shared vision of the IB Learner Profile. This shared purpose shines brightly in everything we do, from events like these to the daily interactions that build knowledge, foster courage, and strengthen connections.

This week, we are focusing on the IB Learner Profile attribute of being Balanced. A balanced individual recognizes the importance of intellectual, physical, and emotional well-being. At Raha, we encourage students to balance academics with physical activity, creativity, and reflection. These qualities complement other attributes we've celebrated recently, such as being Caring during our Wellness Walks and demonstrating Open-Mindedness through our appreciation of diverse performances at the concert.

Here are three ways you can encourage balance at home:

1. **Create Routines Together:** Work with your child to build a daily schedule that includes time for academics, play, and relaxation.
2. **Model Balance:** Let your child see how you balance your own responsibilities and make time for the things you enjoy.
3. **Prioritize Conversations:** Talk about their day and what they're juggling. These conversations can help them reflect on their priorities and make better choices.

We are proud to offer a curriculum that is not only balanced and enriching but also fully compliant with national and international standards. For those interested, you can find further details in the Curriculum Compliance document linked below.

Looking ahead, we're very excited about next week's National Day and National Identity Celebrations. These events are always a highlight of our calendar, and we can't wait to come together as a community to celebrate the culture and heritage of the UAE.

Thank you all for your ongoing support and enthusiasm. Wishing you a wonderful weekend!
