

MESSAGE FROM The Principal

Dear KCC Families,

This week has been excellent with such purpose and intent evident from our students, staff and families to begin the year in the very best way possible!

I have had the pleasure of visiting our PYP across campus this week and have been able to see that process of classes establishing an excellent climate for learning and collaborative/proud IB way, this really has been the highlight of my week.

Last Friday, Mr Rob and I were invited to speak with our MYP students as part of their assembly, we were presented (and challenged) with astute, well-crafted and relevant student questions and the whole experience was something again I will certainly cherish, there was a great energy as we addressed the whole of the MYP and they were a real credit to all.

Thank you for the ongoing support and patience with our new bus provider. With a significant increase in bus numbers, we have that process of familiarisation of new systems and routines to navigate through. I stand by the notion this will be a much-improved service and a strong offer for our students and families. We will continue to listen to feedback and act accordingly with any continuous improvements required to provide the very best service.

Finally, thank you to all EY and primary parents and family members that attended our evening on Tuesday. It was a real pleasure to see so many new and existing faces. We hope you had all the information you needed to support your child. All slides shared will be accessible via toddle too.

Have a lovely weekend and I look forward to more KCC Catch up news next week!

Mr Peter, Principal

SECONDARY MYP Experience Evening

New families, join us for the MYP Experience Evening on Tuesday, 9 September, 5:30–7:30pm in the Blackbox. We'll begin with a brief introduction to the MYP; what it is, how learning is structured, and how we assess. This will be followed by short, teacher-led learning sessions so families can sample the classroom experience. It's a great chance to meet teachers and school leaders, ask questions, and see how we support students' growth across the MYP.
