MESSAGE from The Principal

Dear KCC Families,

What another fantastic week we have enjoyed here at Raha International, KCC. There is a clear sense of purpose as we set the direction for the term ahead. As part of this update, I would like to share some insights into educational matters, since our core purpose remains the delivery of excellent teaching and learning for everyone.

On Saturday, our EY colleagues came together to focus on a variety of educational areas tailored specifically to their provision. With participants from across all Taaleem schools, the event provided an excellent opportunity for high-quality professional dialogue, collaboration, and mutual support. Engaging in professional development is an essential factor in enhancing classroom practice, and our colleagues continue to demonstrate a real sense of commitment to lifelong learning. I would like to thank them for their time and energy, which contributed to what was a fantastic day for all involved.

Last week, I mentioned our DP2 – Grade 12 student cohort as part of my welcome back to term 2 speech. I want to reiterate how impressed we have been by their conduct, organisation, and, positive attitude as they progress through the mock assessment series. This marks a significant milestone in their final phase at Raha International KCC, and we are here to support and champion them as they take on the challenges ahead.

We also welcomed over 15 educational leaders from across the Taaleem group to KCC this past week. They spent two days working with our staff, students, and leadership teams to review our educational provision. Each year, all Taaleem schools benefit from this thorough review, which demonstrates our shared commitment to best practice and continuous improvement in all that we do. Being part of such a well-established and high-quality educational school group company as Taaleem brings many professional and educational advantages, and this process is a prime example of just that.

Our Director of Education led a robust and comprehensive review, which gave us the opportunity to validate the many strengths that exist here at Raha International KCC. It also provided valuable feedback in key areas that will support our ongoing journey towards excellence. One phrase I heard repeatedly during the visit was how exceptional our students are, whether it be their attitude, behaviour, or just simply their motivation for learning that truly stands out. We remain incredibly proud of every student.

We are looking forward to what will be my first International Day here at KCC. I am excited to witness the cultural richness that defines our community. This event will be a wonderful opportunity for our school to celebrate the diverse cultural heritage of so many proud nations that come together each day as part of our global educational offer here at Raha International, KCC.

I wish you all a lovely end to the week. Please do come and say hello to me and my family, here at KCC on Saturday, it's always a delight to speak to our parents and families.

Principal
